I memorized the face. Then ignore my texts. Now, she's terrorized the homework ...
And I yielded at her fate.
No wonder she's pissed.
But ...

Why are you apologizing?! It was my fault.
Anyway, I didn't want to draw it into the first place.
And I am praying hard or trying to pretend to work with you.
I am terrified enough already !
What in the hell am I gonna do with this guy ?!

I am very sorry because you were close at cleaning and studying.
How the homework is done, I don't want to put with you anymore.

How, how about ADAP.
